Not as simple as that. We are already amortising over 3 years. The question is whether we should defer the start point.

Excellent idea – why should we amortise over one year and not 3 years. Deserves the dinner!!

One thought, has the filetek software been implemented, as a large part of fee is associated with granting access to 60 customers, maybe we can argue amortizing as customers are assigned, looks like we are OEM their product.

Your thoughts!!

Nice meal for two approved by SH for the winner.

The winner does not necessarily mean the biggest number. The best qualitative entry wins the prize.

Good luck.
